News about your Scholar

Sophia (Year 1)

Sophia will finish High School in December 2027.

We have included **a personal update from her** here:

Here is the chance to forward a personal message to your donor. Feel free to supplement your message with one of the following additions: a photo, a drawing, a video, etc.

I had lost all hope of joining a national school which I had been called after KCPE release. I had seriously thought I was going to study in a nearby public secondary because my parents could not manage to pay the school fees of the school. I was called and also we were so many at our home. In fact, we lived from hand to mouth. We had to skip some few meals so as to continue managing.

When I first saw the advertisement of Aiducation, my heart was filled with hope. It felt like I had been given a second chance in life to help my parents, siblings and give back to the society. If it were not for you my donor, I know for sure I would still be suffering. So, thank you very much. I wish that you continue helping so many other vulnerable students.

Thank you very much and I may the almighty God bless you abundantly.

Here is the chance to forward a personal message to your donor. Feel free to supplement your message with one of the following additions; a photo, a drawing, a video, etc.

Thank you very much for choosing me as one of your worthy scholars. I really appreciate it and though it may not seem like it, I promise that I am trying my level best to make you proud. I also would like to ask that you please help us during the rallies. I cannot afford travelling to Malindi and back to Eldoret but I think it would help if I attend. I have never attended any and I don't like it. So, please if you may I am requesting that it be held at the nearest stations for all of us to benefit. Thank you very much once more.

We have included **a personal update** from him here:

Here is the chance to forward a personal message to your donor. Feel free to supplement your message with one of the following additions: a photo, a drawing, a video, etc.

I take this opportunity to express my sincere gratitude to my donor for taking one of the heaviest tasks of paying my high school fees. I would like to thank everyone in this organization who took part in paying my school fees also. Since I could not have met a very kind person who has been volunteering to pay my fees even though we have never met. May the Almighty God I worship bless the work of your hands and may you live long so as you can continue helping other students. I also wish to meet you one day so that I could be able to thank you physically.
